

# Talking Research

Join us on Friday, November 11, 2020 at 12:15-1:00 for an exchange of knowledge between clinicians, researchers and students.

## 11 November Bonnie Woo

██████████ "Treating the Child with a Cerebellar Movement Disorder"

██████████ Zoom link: <http://bit.ly/BonnieWoo>

Presented by Bonnie Woo, physiotherapist in the Pediatrics' program of CISSS Laval. The objective of this talk is to present to researchers and clinicians some of the key points of "Treating the Child with a Cerebellar Movement Disorder", which can also be applied to an adult population. The role of the cerebellum, the characteristics of a cerebellar movement disorder, the impairments observed in a cerebellar disorder and basic treatment principles will be presented.

The presentation will be in English
