

Study bursary for research project on virtual care in rehabilitation

Master's, doctoral and post-doctoral level

Bursary amount: according to graduate level

We are a team of researchers working on a new Canada-wide project on virtual care in rehabilitation (also known as telerehabilitation) called:

« Avoiding pitfalls in virtual care: paving the road for more ethical and equitable policies and practices in rehabilitation ».

This project aims to:

- Better understand how virtual care in rehabilitation is provided in the Canadian context.
- Identify the ethical and equity considerations that may occur with the use of virtual care in rehabilitation in Canada.
- Provide clinicians, patients, caregivers, managers and decision makers with the necessary tools to ensure ethical and equitable use of virtual care in rehabilitation.

Candidate criteria:

We are looking for a student at the Master's (with thesis), Doctoral or Post-doctoral level to conduct their project within the scope of this larger project. A study bursary will be provided from study funding obtained from the Canadian Institutes for Health Research (CIHR). This bursary could be supplemented by additional exterior funding. If the candidate is not yet registered for graduate studies, they must register at the latest for fall 2022, with the possibility of getting involved in the project prior to that (under the supervision or co-supervision of Professor Dahlia Kairy and/or Professor Anne Hudon, School of Rehabilitation, Université de Montréal. The candidate must:

- Hold a bachelor's or doctoral degree in a relevant field (e.g.: rehabilitation, rehabilitation sciences, ethics, anthropology, health service organisation, medicine, engineering).
- Have a good understanding of rehabilitation services.
- Have a strong academic dossier for applying to recognized funding agencies.
- Have a good working level of French and English (spoken and written).
- Have excellent project management skills and enjoy working in teams.

Contact:

For more information, please contact Professor **Dahlia Kairy** at 514-343-6301 or by email at dahlia.kairy@umontreal.ca.

To apply for this bursary, please include a cover letter detailing your qualifications as they relate to this call, your CV and two letters of reference.

Please note that only selected candidates will be contacted.

Thank you for your interest!
